Remote Call Framework - Customer License Agreement

1.   Definitions

1.1   Licensed Code refers to the source code of the **Remote Call Framework** (**RCF**), versions **3.0**, and subsequent minor releases (versions **3.x**).

1.2   Executable refers to a computer program, in executable, shared-library, or dynamic-link-library form, incorporating the compiled form of any part of the Licensed Code.

1.3   Licensor refers to **Delta V Software** (Australian Business Number: 72 394 874 231) with principal place of business located at 121 Dumas St, 2617 Mckellar ACT, Australia.

1.4   Licensee refers to:

_____

_____

_____

_____

2.   The Licensor hereby grants the Licensee the right to use and modify the Licensed Code for the Licensee's own software development. Permission is hereby granted to Licensee and its affiliates to distribute Executables without restriction except as explicitly set forth herein, including without limitation the rights to use, copy, modify, merge, publish, distribute, sublicense and/or sell copies of the Executables, and to sublicense such rights, under the following conditions:

2.1   All title and rights of ownership of the Licensed Code, and any part thereof, remain with the Licensor.

2.2   The Licensee shall not lend, lease, sublicense or sell the Licensed Code.

2.3   The Licensee agrees to preserve all copyright notices in the Licensed Code.

2.4   The Licensor makes no warranties of merchantability or fitness for a particular purpose.

2.5   The Licensor will under no conditions be held liable for lost profits or damages arising out of the proper or improper use of the Licensed Code.

2.6   The Licensee shall not be subject to any fees (royalties or otherwise), with regards to the deployment of Executables.

2.7   The Licensee is under no obligation whatsoever to expose the source code of its Executables.
